HISTORICAL MAP

Historical landmarks are easily located with the above map of the Columbia region. Physical landmarks of mountains, ocean, rivers, crags and forests are much the same today as in the time of the fur trader.

Dedicated July 22, 1926 by the Columbia River Historical Expedition to the lives and deeds of Capt. Robert Gray, Meriwether Lewis and John Jacob Astor.

The Column is 125 feet high and cost about $125,000. Picturization by Electus D. Litchfield; decoration by Attilo Pusterla. Spiral frieze is 535 feet in length, seven feet wide, portraying the heroic scenes enacted here. The Monolithic Column rises 700 feet above the Columbia, inclosing circular staircase leading to observation platform from whence a magnificent panorama is disclosed.

Erected jointly by The Great Northern R. R. Co., and Vincent Astor.
